

WELCOME TO THE HOME OF VOLLEYBALL IN THE MANAWATŪ

MANAWATŪ REGIONAL VOLLEYBALL ASSOCIATION

ABOUT VOLLEYBALL MANAWATŪ

MANAWATŪ REGIONAL VOLLEYBALL ASSOCIATION

Volleyball Manawatū plays a vital role in growing the game of volleyball and creating opportunities for people of all ages and abilities to connect through sport. From primary school programmes right through to adult club national qualifying events, Volleyball Manawatū provides pathways that support both participation and performance.

The Premier Senior League gives top secondary school teams the chance to play in a more competitive environment, preparing them for the NZ Secondary Schools Volleyball Championships. At the same time, the organisation hosts Regional Club Tournaments, which welcome both competitive and social teams, ensuring youth and adults can take part in a way that suits them.

Partnership is also central to their impact. Working alongside Palmerston North Volleyball (PNVB), Volleyball Manawatū helps deliver the popular Monday Night Social Leagues, which run year-round and bring people together through sport in an accessible and inclusive way.

Their community reach extends beyond indoor volleyball. Volleyball Manawatū operates Mana Beach Courts at Takaro Sports Club, the city's dedicated beach volleyball facility. These courts are home to the Summer Tournament Series, a programme that offers something for everyone—social or competitive, youth or adult. Initiatives like the Friday Beach Bash (open hits from October to April) encourage casual participation and make the courts welcoming for the wider community.

Technology That Makes a Difference

As a non-profit organisation, Volleyball Manawatū is always striving to keep participant fees low while providing appropriate resources to our staff, programmes, and events. Our ability to professionally administer these roles is dependent on technology platforms, and having the right equipment helps us deliver our work efficiently and effectively.

The donation of refurbished laptops from Digital Wings has ensured our staff have the appropriate technology to support the administration of our organisation. This contribution has allowed us to continue meeting operational needs without placing extra cost pressures on the organisation.

“The laptops provided help support our staff and volunteers run community programs year round. Thank you for your support”.

“These laptops will keep our organisation moving forward with tech advances, moving all documents to shared drives, eliminating loss of work and security of information”.

Supporting Growth, Continuity, and Security

These laptops are helping our organisation move forward with technology advances – enabling us to move all documents to shared drives, eliminate loss of work, and strengthen the security of information.

As staff who have experienced change within the organisation, this continuity for storing documents and maintaining logins to company portals has been invaluable.

As a non-profit sports organisation that relies on grant funding to support operational costs, it has been challenging to secure the technology required to manage our website, emails, competition draws, and administrative responsibilities.

Having access to these laptops has strengthened our systems and allowed staff to carry out their duties efficiently and securely.

Volunteer entering results scores for NZ Secondary School Volleyball Championships.

Making Events Run Smoothly

Recently, Volleyball Manawatū hosted the NZ Secondary School Volleyball Championships, where the results team relied on these laptops to deliver live updates and coordinate tournament information. Having reliable technology ensured a smooth, professional, and well-organised event.

We are also dependent on remote work, often operating from different gyms or working flexible hours for events. These laptops support our staff to meet the demands of a dynamic sporting environment, ensuring secure access to documents and continuity across all operations. With this support from Digital Wings, Volleyball Manawatū can continue to provide high-quality opportunities for people of all ages to connect through volleyball – strengthening community engagement, supporting sustainability, and growing the sport across the Manawatū region.

KIWIVOLLEY

LEVEL 1: ENGAGE

LEVEL 2: GROW

LEVEL 3: DEVELOP

LEVEL 4: EXCEL

“Behind every tournament, league, and programme is a dedicated team working hard to keep volleyball growing across Manawatū. With support from Digital Wings, that work just became a little easier.”
